Wow, Wow, Wow is all I can say about the Masters Coaching course!! While ~~the~~ ^{my} experience with the Transformation Coaching course was simply out of this world, the Masters course took "out of this world" to a completely new level. An unimaginable, inspirational and unforgettable process. Every day of the course I felt more & more grateful ~~for~~ for all I was learning, experiencing, letting go of. The unbelievable self-learning and awareness and connecting with others on the course was simply liberating and life-changing. This course has given me so many gifts and tools to walk a path of enlightenment & to help others. I'm eternally grateful for this experience! Thank you Burk!

In Burk's language, the course was simply "fucking" amazing!

Amazing is an understatement to describe my experience. I got more than what I bargained for. In all my years of training and practicing as well as being a patient/client myself, I never came across or experienced the incredible coaching and healing gift/techniques that Burk shared with us. The best part/cherry on top is - practicing/applying the gift on ourselves. It was mind blowing and earth shattering. Indeed, I feel like I'm on another planet or dimension. Thank you Burk, the Masters Programme is absolutely on another level. Kudos to you and Isobel!!! Once more, thank you for sharing this incredible gift with us.

My spiritual journey has been a long road of searching and introspection. When I heard of this cause through a friend (whose judgement I trust implicitly and who is on the same road of life) I was instantly drawn to it. I was guided to sign up and when I made that decision everything fell into perfect alignment for this to become a reality. I started the cause on day 1 with absolutely no ~~int~~ expectation whatsoever. Each step of the way I discovered new and different aspects of my being and makeup that surfaced and revealed my true identity. Burke is the mirror in my life. At the moment, I am smiling to myself and I have found direction.

This phenomenally empowering cause is a 'gift' that is imparted by a highly evolved soul in the form of Burke Esterhuizen who shares freely with 'love', detachment, and an unconditional sacrifice. He has transformed my life and "repainted the signboards" in my life on the road to self-realization. Thank you, Thank you, Thank you ^{all over}

LAST NIGHT I MANAGED TO THANK HIM
FOR ~~SPENDING~~^{TREATING} OUR CHILDREN TO A LOVEY
DAY, I HAVE BEEN RECEIVING BEAUTIFUL
LOVING, KIND MESSAGES THROUGHOUT THE DAY

Master Inner Freedom coaching program teaches you to move ^{forward} within yourself. All power lies within. Teachings resonate truths I have been feeling. A great week of allowing and ~~exploring~~ how one's emotions manifest in the body. Great learning of daily ~~habitual~~ practices to implement in order to create a life by design. Tools and methods taught to empower the self and sustainability. Stepping into yourself with love and excitement. the 'world' is a grasp away, just take it. Growing in consciousness giving a clear sight of how all the dots connect and lead you onto the path. What an Annihilation experience.
