Amazing to have found Buck Esterhuizen and
this mind Blowing Journey. Personally I have
Been searching for a while and suddenly the solution
came about fast. When the student is ready the
Teacher Appeared. Thank you To Both of you. You
are authentic, powerful, cheery, high vibration
Individuals that gently unlock all the Baggage
and ~~unpack~~ stuff, then ^{to} only to ^{help us to have the tools to} transform the
dark energy to Bright light. Every individual
on the course realise how special they are
and so did I.

Well Burk, this is one of the most valueable experiences of my life so far. I have already seen & continue to see how this is going to benefit me. Not just me though. This is going to carry over to my family and my athletes.

Thank you so much for sharing this info and for empowering me to use it to empower others.

WHEN I STARTED THIS COURSE I WAS
EXCITED BUT MY MIND STARTED BEING
SKEPTICAL UNTIL I SAW RESULTS MYSELF.
I HAD SOME RESENTMENT TOWARDS
SOMEONE FOR HURTING ME AND WE NEVER
SPOKE FOR A YEAR AND A HALF. AFTER
DOING SOME TECHNIQUES, I WAS ABLE
TO RELEASE THOSE FEELINGS OF RESENTMENT
AND HURT AND AFTER RELEASING THOSE
FEELINGS THAT PERSON OUT OF THE BLUE
SENT ME FRIENDLY MESSAGES, CHECKING
UP ON ME. I HAVE TO SAY I WAS SHOCKED
AFTER ALL THIS TIME, AFTER DOING THE
TRANSFORMATION TECHNIQUES, COMMUNICATION FLOWED.

There are no words that could possibly describe the extent of gratitude I have towards this program. I walked into the training room on Wednesday still trying to recover from the tornado from very traumatic experiences. effect, - which I called 'a mess'. Needless to say, this was my last attempt to fix myself and see if there was even a 'Bela' to be fixed.

Today, I literally looked in the mirror this morning and actually 'found' her - Bela.

Burk and Isabel, you are amazing individuals. I feel truly blessed and honoured to have experienced your energy, inspiration and pleasant disposition.

My wish is that may you continue to make a remarkable difference to others, in the same way you have done in my life.

Swaziland is about to experience a shock-wave when I get back 😊!

The coaching course is absolutely phenomenal. Burk & Isobel are both amazing people.

It is a passion of mine to be a transformational leadership coach as I have first sight of poor organisational culture since I am a executive on many boards of Directors.

I would like to work with organisations to teach ppl how to do more as any organisations most imp asset is its ppl. The course material and the structure has helped me grow so much as an individual. Understanding the power of the sub-conscious mind was a real eye opener for me as well as the power of visualisation.

The impact our energy and the energy of the individuals around us as well as the energy of everyone else can create an amazing world.

I would recommend this course to anyone who has a passion for coaching but also to anyone who wants to live their life as the best version of themselves.
